## What is the Dual Enrollment Medical Science Academy?

DEMSEA is a two year-round dual enrollment program developed for high school students in the Starr County, Pecan, and Mid-Valley Campus areas who are seriously interested in pursuing a career in Biology. The Academy is designed to encourage students to explore careers in health care through college course work and health related opportunities that motivate, educate, and prepare students for higher education in the field of medicine while completing an Associate of Science (AS) degree in Biology by the end of their senior year of high school.

## Who Can Participate in DEMSEA?

- ▶ High school students in 11th-12th grades (students may apply during their 10th grade year)
- ▶ Students should be enrolled in the Distinguished Advanced Program (DAP) curriculum
- ▶ Students must have serious interest in pursuing a career in health care
- ▶ Students must complete a DEMSEA application which includes writing a brief essay
- ▶ Other requirements apply
